

Kenneth Rancour

rancourkenny@gmail.com || [Portfolio Website](#) || (313) 585-9618

Education

Michigan State University, East Lansing, MI

BA, Media and Information Major, May 2019

Minor in Game Design and Development, May 2019

Recent Projects

[Weather App](#), April 2021

- Built a fully functioning application to display the weather based on your location. Achieved using React, Node.js, and OpenWeatherAPI.

[Personal Website](#), April 2021

- Created my portfolio site to showcase both skills and live projects using React, JavaScript, Bootstrap, FontAwesome, and hosted on GitHub Pages.

[To-Do List](#), March 2021

- Create, delete, or clear all tasks in your to do list. All information is stored in localStorage of your browser, made using JavaScript, HTML/CSS and hosted on GitHub Pages.

Technical Skills

Experience in Software Engineering on both personal and school projects.

Tools:

- Programming Technologies: **JavaScript, Node.js, HTML/CSS, Express, MongoDB**
- Front-End Libraries: **React.js**
- Crypto/Blockchain: **Solidity, Web3.js, Smart Contracts**

Soft-Skills:

- Self-starting, critical thinker who is highly organized, and able to adapt to changing situations as projects progress and pivot.
- Effective communication skills among both technical and non-technical departments.
- Demonstrated ability to multitask, and also work well as a team member or leader.

Work Experience

Warehouse Team Member at Amazon, Brownstown, MI, 11/2019 - 12/2020

- Extremely reliable and safety conscious with solid experience in warehouse operations to include loading and unloading trucks; shipping and receiving.
- Proficient in the use of pallet movers for staging.
- Readily support new processes and promote team-oriented environments to enhance productivity, build morale, and control costs.
